location in Phila: North Philly

position @ PT: Common ground reporter, finding things both parties have in common on specific, important topics

why you think voters need to be informed: I ight now is a critical time in our lives and this election will affect us as much or more than anyone. We need to know why we are voting for someone rather than just be influenced by what's popular.

what policy/reforms do you think are important in Phila &/or PA: Anything having to do with student financial aid. We are paying more than anyone else in the world, EVER, for higher education. We need to follow and be educated on the 4+ year investment we all have a stake in.

your own political leanings and who you support: I support no one. I am one of the uneducated voters we are trying to reach and I'm a registered Independent. Politics are not my journalistic forte so hopefully I can reach people who are like me so we do not make bad, ill-informed decisions in November.
